TOUR PROMO

THE STORY BEHIND THE TOUR

WHAT IS IT?

Ben Hammel loves directing, filming, and editing music videos. He came up with the idea to work on at least 1 music video in every state, and decided to embark on the 2021 Music Video Tour! The tour offers a variety of music video packages for artists with a range of budgets across the U.S.

WHAT'S INCLUDED?

Each package includes everything from pre- through post-production. We'll have a virtual consultation to discuss your video. Then, we'll make a custom proposal for you. Once approved, we'll plan the shoot in its entirety; from renting studios, extras, and everything in between. We'll be in constant contact with you before the shoot, and send you a final treatment, so all you have to do is show up! After our shoot, we'll edit your video and help upload it for maximum exposure.

WHAT TO EXPECT

We know that shoots can often be hectic and stressful with a ton of people and moving parts. We take a different approach and make quality music videos in a more organized, relaxed manor. Don't expect a huge crew and tons of equipment. We want you to feel that you are working with a friend, not a company.

DATES

Currently, Ben Hammel Productions will exclusively be servicing the Northeast from January through mid March of 2021. All packages will then be available throughout the U.S for the remainder of the year.

Bookings outside of the Northeast may result in a small added travel fee. However, we will soon be announcing dates when we will be in specific, popular areas across the U.S. If we are already in your area at the time of your shoot, the travel fee will be waived.

WHAT PEOPLE ARE SAYING

Working with Ben Hammel, this guy is the real deal. He and I began working back in 2016 and his growth is undeniable! He's always challenging his creativity and editing skills. I rarely ever see him lose his cool while shooting. He adapts so well, while I panic at the slightest issue. Having his calm, chill demeanor on set as the videographer/ director puts me at ease. He's very professional, humbled, collaborative, confident and detailed oriented. He goes into every project with some type of blueprint or plan of execution. I see Ben Hammel going far in his career. He's not just a dope videographer to me. He's a wonderful human being and a great friend. This is only the beginning. He just better not forget me in the process.

- **Jameson Glover, Recording Artist**

Ben is a pleasure to work with. He goes out of his way to ensure the quality of his work. He communicates regularly which is something that is crucial to me when working on something I am passionate about. Both the videos on my channel are shot and edited by him and I could not be happier. I would recommend him for any of your projects as you are guaranteed to get what you want.
